Clear blue seas, ancient villages, delicious wines and millennia-old history await in this lesser-known region of Sicily, as we explore the southwest of the island with an engaging journey of discovery, savouring the culture, history, traditions and above all culinary highlights of this fascinating area. An enriching experience, the tour is designed to experience Sicily with insight and balance with guided visits, gastronomic experiences, visits to historic wineries and moments of leisure. Join us as we travel from Marsala to Scopello via Erice, Segesta, Selinunte, Sciacca and Mazara del Vallo.
